EXPERIENCE

MIRAI

Jan. 2025 – Feb. 2026

Student Intern (AI & Automation)

Kanpur, India

- Developed a **RAG (Retrieval-Augmented Generation)** agent utilizing **Pinecone** vector database, enabling context-aware semantic search and high-precision information retrieval.
- Orchestrated scalable **LLM-based pipelines** for autonomous task execution, improving system response accuracy through advanced prompt engineering and vector indexing.
- Leveraged **AI-driven automation** to build scalable workflow orchestration, ensuring efficient handling of real-time data streams across internal tools.

PROJECTS

InterviewIQ.AI | GitHub | Live Demo

- Engineered a high-performance AI mock interview platform using **React, Node.js, and GPT-4o-mini**, generating adaptive technical/HR questions based on real-time resume parsing.
- Developed a proprietary **AI evaluation** to score responses on confidence, communication, and correctness (0–10 scale) with **timed response logic** for real-world simulation.
- Implemented automated PDF parsing using **pdfjs-dist** for role/skill extraction and integrated **Razorpay API** for a production-ready credit-based monetization system.

Gemini AI ChatBot | GitHub | Live Demo

- Developed a web-based chatbot using **React** for the frontend and **Gemini API** for intelligent responses, enabling interactive user conversations with real-time feedback.
- Integrated API calls and **state management** to handle dynamic queries efficiently, creating a responsive and scalable chatbot application deployed on **GitHub/Netlify**.

EDUCATION

University Institute of Engineering and Technology, CSJMU

Aug. 2023 – Present

Bachelor of Technology in Computer Science & Engineering (CPI: 8.53 / 10.00)

Kanpur, India

Ram Lakhan Public School

2021 – 2023

Class 12 (PCM): 93% | Class 10: 87%

Varanasi, India

SKILLS

Languages : C++, JavaScript (ES6+), Python (Basic), Java (Basic), SQL

Frontend : React, Tailwind CSS, Framer Motion, HTML5, CSS3

Backend : Node.js, Express.js, RESTful APIs, Unit Testing

Databases : MongoDB, SQL (PostgreSQL, MySQL)

Tools : Git, GitHub, Arch Linux, VS Code, Vercel, Postman

Concepts : Data Structures & Algorithms, OOP, REST APIs

ACHIEVEMENTS & LEADERSHIP

HackWithIndia Hackathon — MMMUT Gorakhpur

Dec 2025

[View Certificate](#)

Volunteer and Participant — recognized for teamwork and problem solving. Secured **Top 50 position** among 2,500+ participating teams.

ICPC Regional Contest Volunteer

Coordinated contest operations, participant communication, and ensured smooth execution.

Dec 2025

CODE RAID — Oblivion 2025 (NSUT)

Participated in a competitive programming contest organized by D'Code (NSUT). Achieved **8th rank** among 20 teams.

Aug 2025View Certificate

- CERTIFICATIONS
- **Robo Rumble** — Participation, CSJMU Innovation Cell
 - **Complete Web Development Course** — Udemy, Hitesh Choudhary
 - **Cyber Security Course** — IIT Kanpur
 - **Blockchain Fundamentals Certificate**

View Certificate (2025)
